CHL/LTC does NOT cover the basic procedures of operating/firing a handgun. It is a 5-hour class covering laws, regulations and requirement to safely operate (load/unload) and proficiently fire your handgun in a **timed** and **scored** evaluation. This consists of firing: 20 rounds at 3 yards, 20 rounds at 7 yards and 10 rounds at 15 yards. The minimum passing score is 175 points out of a possible 250.

If you are not familiar with your handgun or do not have basic shooting skills, please consider taking one of our Basic Handgun classes or CHL/LTC preparation classes.

Your pre-payment for this class insures your reservation for the above date/time. If you have an emergency, please contact us and we will do a one-time move of your reservation to a later date.

Saddle River Range commends you on your decision in taking the necessary legal steps to obtain a CHL/LTC and our entire staff remains available to assist you.
